Deepwater Port Applications The NEPA Process

PUBLIC INVOLVEMENT

The National Environmental Policy Act (NEPA) mandates that local, state, and Federal agencies, any affected Tribes, and private citizens within the potentially affected areas be given the opportunity to comment on the Proposed Action throughout the NEPA process.

AGENCY COORDINATION

The Deepwater Port Act directs the U.S. Coast Guard (USCG) and Maritime Administration (MARAD) to prepare the Environmental Impact Statement (EIS) in a manner that fulfills the requirements of all Federal agencies in carrying out their responsibilities under NEPA. USCG and MARAD also ensure that all connected actions, which may affect local, state, and Tribe interests are analyzed. The list of agencies contacted for coordination and comments are part of the EIS.
